7/9/03	R02-01-011	Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.
--------	------------	--

Summary: On July 8, 2003, Billy Blattner, Manager, San Diego Gas & Electric Company (SDG&E), spoke with David Gamson, advisor to Cmmr. Brown, by telephone. Blattner stated that SDG&E tariffs are similar in structure to Pacific Gas and Electric Company's. Blattner suggested that the proposed decision be modified to apply

the same core/noncore allocation separation criteria to SDG&E so as not to require splitting costumers within a single tariff schedule category. Blattner also noted that SDG&E's Competition Transition Cost Charges for 2001-02 period have been finalized and affirmed in several Commission decisions.

Summary: On July 7, 2003, Sabrina Chaw, Senior Regulatory Representative, Regulatory Relations, Pacific Gas and Electric Company (PG&E), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present was Valerie Winn, Manager, Energy Revenue Requirements, PG&E. Chaw stated that in prior communications, PG&E suggested that if the Commission wanted to track the Direct Access (DA) costs in excess of cost-of-service rates, then PG&E could investigate, if technically possible, DA and bundled customer revenues separately. Chaw commented that this would be a more effective way of tracking what DA customers are being charged, versus a Power Exchange credit audit. Winn explained that the difference between the various utilities' credits was due to reasons related to the differences between the utilities' generation costs, Department of Water Resources rates, and Southern California Edison Company's use of its Historical Procurement Charge. Winn emphasized that there were no 'phantom' charges used in PG&E's calculation of the PD credit. Chaw stated that PG&E would prefer to implement DA bottoms-up billing at the same time as full bottoms-up billing.

Summary: On July 7, 2003, Judy Peck, Regulatory Relations Manager for Sempra Energy Utilities (SEU), met with Trina Horner, advisor to Cmmr. Lynch, in San Francisco. Written material (attached to the notice) was used. Peck noted that Cmmr. Peevey's alternate effectively reverses Resolution G-3304. Peck expressed concern about the precedent the alternate sets with regard to allowing customers to exploit loopholes that are often unavoidable when the Commission is trying to regulate an industry in the midst of a crisis. Peck explained that while Southern California Gas Company continued to disagree with Tenby's interpretation of the Resolution, they moved Tenby to Core Service beginning February 1, 2001 only after receiving an email from the Energy Division, providing an informal opinion regarding Tenby's date of transfer.
